Superior Human Beings

MS/M Phil

The Department of Economics has been providing business economic studies since 2001.

The specific aims of MS/ M Phil Economics are centered round the globe. This extensive program demarcates the sound development of theoretical knowledge of the subject, application of economic theories and enhancing problem solving ability and the coverage of new areas of specialization, as per market needs. This does mean that traditional education is the focus of the program; this is basically related with the modern variations of economic think tanks and their areas of practice to help us develop our local and global domain accessible.

Superior Split Degree

To meet the rapidly changing academic challenges, Superior University is exploring new horizons by joining hands with top universities around the globe and proudly offers split degree programmes at undergraduate, post graduate and Ph.D levels with an intention to give access to students for progression to international education.

Benefits

Guaranteed Better Academic Performance

When you enroll for the Split Degree Programmes you will need to spend half the duration of your degree at Superior and the other half at one of our collaborative partner universities, so ideally your academic standard will be better compared to normal overseas students.

Time & Cost Effectiveness:

Half the fee, half the duration compared to the normal international degree programmes.

Visa Processing Facility:

The Foreign Student Support Desk will facilitate you in processing your visa to any respective country.
